

We are deeply saddened by the tragic wildfires in Mendocino, Napa, and Sonoma Counties. Together we can help. Winery tasting rooms, breweries, restaurants, hotels and other CA wine-loving businesses throughout the state have committed to donating a portion of their sales during the balance of October to fire relief efforts.

### **Background**

Almost every wine region in California has a regional association. These associations have recognized that we are better together and collectively have been working to connect resources and raise funds for our Sonoma, Mendocino and Napa wine regions. Funds will be divided between established community foundations in each of the counties impacted by the Northern California wildfires. They have each created relief funds to provide aid to local fire victims.
